Innovative interlocking system

Hardie® VL Plank profiles offers hidden fixing, thanks to its innovative tongue and groove system that does not require any additional accessories for fixing and can easily be nailed.

BBA Certified

Hardie® cladding has been assessed by the British Board of Agrément and has been awarded BBA certificate number 04/4147.

Create interest with installation styles

Installation is quick and easy, offering maximum flexibility with options to fit our boards horizontally, vertically, ship-lapped or open jointed.

Hardie® Plank cladding

Create a classic finish with Hardie® Plank boards in horizontal lap, vertical hit and miss or open joint styles, playing around with different colours and textures.

Home renovations

This stunning refurbishment saw an extension and new build garage block transformed with render and Soft Green **Hardie® Plank** cladding, brought together to create an elegant countryside retreat.

The property, located near Galleywood Common in Chelmsford, was originally a self-build home constructed in the 1960s. Over time, the house aged badly and the owners decided a full refurbishment was due.

Before

Hyland Homes was commissioned to overhaul the property through construction of a large extension and detached garage block. The end result is a complete transformation into what is now a highly desirable, classically designed home.

After

” **Hardie® Plank** is our ‘go to’ recommendation for any homeowner wanting a classic facade that endures.

Premium Stockist

” Mixing traditional with modern was key to our design and so we quickly switched to **Hardie® VL Plank** for the crisp, clean lines to contrast with the exposed stone.

Private Homeowner

Traditional home in Harrogate was extended at the rear with a new double-storey extension and contrasting tongue and groove **Hardie® VL Plank** cladding on the upper level.

The homeowner chose **Hardie® VL Plank** boards for its fresh, symmetrical look and low maintenance properties.

Here Anthracite Grey in Cedar texture complements the local stone to offer a strong contrast. The end result is a striking renovation that beautifully captures the character of the home's local heritage.

With a typical-sized UK garden, the homeowners were looking to expand their outdoor living space with a new build garden room that complemented their home.

The new garden room is just the right amount of modern styling, while still obtaining a casual, approachable look. The homeowners opted for a full-wrap of **Hardie® VL Plank** cladding.

Anthracite Grey from our **ColourPlus™** Technology range was chosen for a high quality, consistent finish.
